## ACE introduction and business model

# 6

## Sectors

Agro & rural development

Area development

Infrastructure

Industrial and logistics buildings

Residential, tourism, cultural buildings

Training, capacity building and skill development

ACE – Multi Sector specialization, wide range of services, varied geography and diversified Clientele

## Master Plan | Engineering | Project Management | Construction Supervision | Sustainability Consulting

**108+**

employees

**550+**

projects delivered

**40**

Countries - Projects presence India & Neighboring Countries, Middle East and Africa

**65%**

Multi-lateral financial institutions (MFIs) and developmental organizations funded projects

**33+**

years of engineering excellence

ISO 9001:2015 certified

# ACE business model

ACE business model continue to address the three dimensions of sustainability and aligning with 17 UN SDGs

## Economic

- **Partners**
  - UNIDO, AfDB, TMA, EXIM Bank, World Bank, MFIs, Governments and Corporates
- **Resources**
  - Experienced team
  - Large credible record of reference
  - International project experience
- **Value proposition**
  - Knowledge Hub functioning across sectors and geographies
  - Deliverables blended with a strong underlay of social inclusion and capacity building
- **Revenues**
  - Increased focus of free cash flow while ensuring profitability, social impact, inclusive growth and sustainability

## Environment

- **Activities**
  - Sustainable development initiatives; Eco efficiency, and design for environment; and circular economy
- **Offerings**
  - Impact assessment; Waste reduction; Environment friendly smart solutions
- **Functional value**
  - Smart cities, and sustainable communities; Usage of recycled materials; Eco-industrial hub
- **End-of-life**
  - Recycling and zero waste
- **Materials**
  - Recyclable materials; Eco friendly vendors sourcing; Local and regional materials
- **ACE office**
  - Reduced paper consumption and e-waste

## Social

- **Local communities**
  - Extensive rural employment; Women and youth empowerment
- **Governance**
  - Responsive and people centric company; High level corporate governance and ethics
- **Social value**
  - Social inclusion, increasing regional and domestic capability
- **Employees**
  - Knowledge building and international exposure, Diversity and gender equality
- **End-user**
  - Rural and urban community
- **Scale of outreach**
  - India, neighboring countries, GCC and Africa; urban community; 10 million rural community impact
- **Social impacts**
  - Rural empowerment and quality of life

# 2

## Key sectors of presence

# 6

## Sectors

Agro & rural development

Area development

Infrastructure

Industrial & logistics buildings

Residential, tourism, cultural buildings

Training, capacity building and skill development

# Agro & rural development

- Agribusiness policy & strategy
- Agri clusters & agri corridor
- Agribusiness investment regions
- Agri enabling infrastructure
- Pre and post harvest infrastructure
- Food processing plant
- Agro & food market infrastructure
- Rural transformation centres
- Farmer service centres
- Fish landing centres
- Fishing harbour
- Rural hubs & clusters
- Aggregation centres

# 6

## Sectors

Agro & rural development

Area development

Infrastructure

Industrial & logistics buildings

Residential, tourism, cultural buildings

Training, capacity building and skill development

## Area development

- Industrial cluster
- Industrial corridor
- Industrial parks
- Structure plans and masterplans
- Special investment regions
- Area development programs
- Special economic zones
- Smart cities
- Free trade warehousing zone
- Container freight station & logistics park
- Sustainable development practices/ Knowledge partnerships/capacity building for government enterprises

# 6

## Sectors

Agro & rural development

Area development

Infrastructure

Industrial & logistics  
buildings

Residential, tourism, cultural  
buildings

Training, capacity building  
and skill development

# Infrastructure

- Urban infrastructure planning studies
- Urban infrastructure design and engineering
- City and municipal waste management
- Traffic surveys & studies
- Water resources development
- Hydraulic structures
- Water treatment & supply
- Wastewater conveyance
- Wastewater treatment and recycling
- Environment infrastructure
- Electrical and Telecommunication

# 6

## Sectors

Agro & rural development

Area development

Infrastructure

Industrial & logistics buildings

Residential, tourism, cultural buildings

Training, capacity building and skill development

## Industrial & logistics buildings

- Industrial buildings and structures
- One stop border post (OSBP)
- Cross border markets/dry ports
- Logistics hub/complex
- Utilities for process & non-process industries
- Civil and geotechnical engineering for solar PV plants
- Multilevel car parking
- Transport terminal structures
- On site and off-site infrastructure
- Roads, bridges, drainage and land development

# 6

## Sectors

Agro & rural development

Area development

Infrastructure

Industrial & logistics  
buildings

Residential, tourism, cultural  
buildings

Training, capacity building  
and skill development

# Residential, tourism, cultural buildings

- Affordable housing and residential
- Education and knowledge hubs
- Integrated townships
- Low-cost housing for the urban poor
- Slum free city development
- Green field rehabilitation clusters
- In-situ rehabilitation
- Eco friendly villages

- Community development
- Island development
- Spiritual Circuit development
- Tourism Destination development
- Special tourism zones
- Theme based tourism development
- Tourism projects
- Social amenities

# 6

## Sectors

Agro & rural development

Area development

Infrastructure

Industrial & logistics  
buildings

Residential, tourism, cultural  
buildings

Training, capacity building  
and skill development

## Training, capacity building and skill development

- Capacity building
- Skill development
- Training advisory
- Stakeholder engagement and awareness
- Policy analysis & implementation
- Management development
- Project management
- Strategic planning
- Financial management
- Funding aspect of the project
- Quality management
- Risk management
- Sustainable development practices
- Knowledge partnerships
- Off-site and on-site training

# 3

## Range of services

A full range of services  
from technical expertise  
to complex project  
delivery

Enhanced focus on  
continued diversification  
is a key ingredient for  
ACE growth

## We partner on the entire lifecycle of the project

### STRATEGIC STUDIES AND MASTER PLANS

- Policy initiatives
- Master plans
- Vision document
- Knowledge partnership
- Strategy & evaluation studies
- Institutional restructuring
- PPP initiatives & PPP transaction advisory
- Capacity building & training

### CONCEPT AND FEASIBILITY

- Opportunity analysis
- Market demand assessment
- Targeting & positioning
- Project conceptualization
- Project structuring
- Due diligence studies
- Technology evaluation
- Pre investment study
- Techno economic feasibility studies
- Detailed project reports
- Concession agreements
- Independent review and monitoring

### PROJECT DESIGN & ENGINEERING

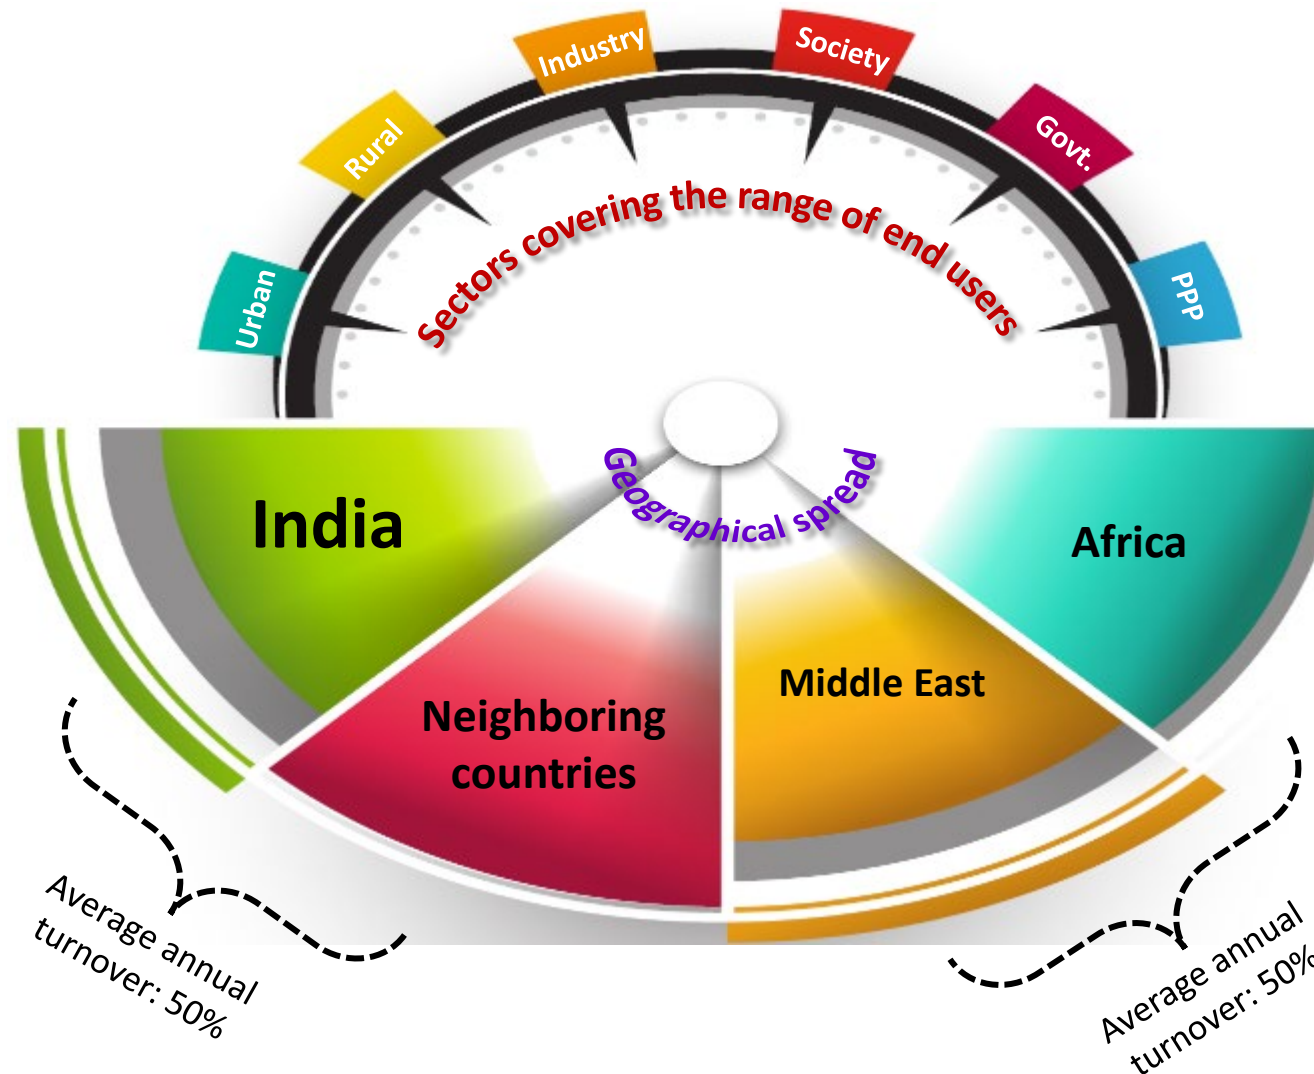

- Engineering investigations & studies
- Urban design and engineering
- Environmental analysis, impact & sustainability studies
- Socio impact assessment
- Architecture & planning
- Design & detailed engineering
- Specifications
- Bill of quantities & cost estimations

### CONSTRUCTION SUPERVISION & PROJECT MANAGEMENT

- Project planning & scheduling
- Statutory & regulatory approval
- Procurement advisory
- Vendor evaluation
- Bid process management
- Project supervision
- Quality control
- Performance testing & commissioning
- Program management services

# ACE Range of end users

Deep penetration in prioritised sectors - Sector development, concept, and feasibility, project design & engineering, construction & project management and sustainability practices

The priority areas of ACE would encompass addressing the needs of urban consolidations, and providing leadership in sustainable urbanisation solutions, inclusive, sustainable industrial development, rural development, social inclusion, and capacity building initiatives with alignment

# 4

## Clientele base and major repeat clients

# Continue customer centricity

High level of customer centricity - Company enjoys blue chip clients across geographies and sectors

Projects executed for **EXIM Bank of India**

ACE Africa success ingredients - Strategic entry breaking barriers, innovative design and offerings, customer centricity

60+ projects across 26 countries

#### ANGOLA

1. Sustainable development of agriculture, livestock, allied sectors and agro forestry in Angola (December 2018 – August 2019)

#### CAMEROON

2. Technological Agro-Industrial Park (TAIP) in Cameroon (April 2016 – December 2016)
3. Capacity building program on development & management of TAIPs in Cameroon (June 2016 - December 2016)
4. Independent Technical, Financial Advisor (ITFA) to undertake a review of the technical and financial aspects of the Fohem Agro Resources Project in Cameroon

#### COTE D'IVOIRE

- 5a. Pre-Feasibility Assessment of Key Border Infrastructure Development in Côte D'Ivoire (Main contract - 1A) (October 2024 – March 2025)
- 5b. Consolidated report on the preparation of two projects for the development and construction of specialized depots in Ferkessedougou (Nambonkaha) and Bouaké (Adjouassou) with a view to resizing them, Côte D'Ivoire - (Amendment 1) (October 2024 – March 2025)
- 5c. Integrated & Coordinated Border Management (ICBM) assessment at Noé-Elubo Border Post (Côte D'Ivoire-Ghana) (Amendment 2) (October 2024 – March 2025)
6. Carrying out a study to define the system for upgrading and managing the agro-park developed by the 2pai-belier project in Yamoussoukro (September 2025 – Ongoing)
7. Independent Technical Consultant to develop the Pre-feasibility study for the Côte d'Ivoire-Ghana Cocoa Common African Agro-Park (CAAP) (January 2026 - ongoing)

#### DEMOCRATIC REPUBLIC OF CONGO (DRC)

8. Upgrade of infrastructures at lake port Kasenyi (March 2018 – October 2019)
9. Upgrade of infrastructures at land border Mahagi (March 2018 – October 2023)
10. Upgrade of infrastructures at Land Border Mahagi – Phase 2 (March 2023 – March 2025)
11. Technical studies and design of the construction works for the road (1km), bridge and Mahagi Cross-Border Market - Phase 3 (November 2024 – March 2025)
12. Technical studies and the design of the port of Kasenyi on Lake Albert, Democratic Republic of Congo (September 2025 – ongoing)

#### DJIBOUTI

13. Detailed feasibility study for the development, operation, and maintenance of a modern integrated truck marshalling yard in Djibouti (July 2025 - Ongoing)

#### ESWATINI

14. Identification of a suitable location of the MNWAP agro-processing zone, Eswatini (March 2023 – April 2023)

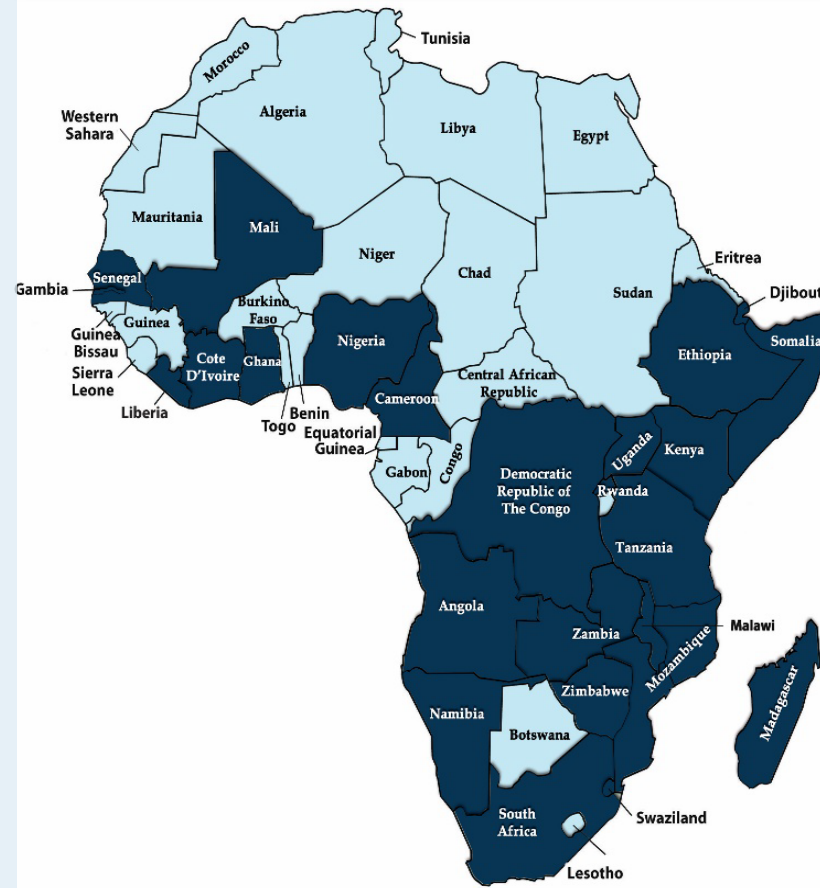

#### ETHIOPIA

15. Establishment of 4 Integrated Agro Industrial Parks (IAIPs) and 4 Rural Transformation Centres (RTCs) in Ethiopia (August 2014 – January 2016)
16. Establishment of a milk processing firms at four IAIPs in Ethiopia (February 2019 – September 2020)
17. Preparation of detailed design and engineering plans for IAIPs and RTCs in Ethiopia (May 2016 - November 2017)
18. Publication for Integrated ACPZ, AIGC and IAIP (August 2014 - September 2014)
19. 6 Regional Industrial Clusters (RICs) at Amhara and Oromia regions in Ethiopia (November 2016 – June 2017)
20. Establishment of IT & ITES cum knowledge park in Addis Ababa, Ethiopia (December 2007 - July 2010)
21. Industrial study tour to Malaysia, Vietnam & Thailand in order to understand the food and agriculture related industries, agro industrial parks and developments in those countries and to transfer and translate the key lessons of these developments and operations in Ethiopia (April 2015 – May 2015)
22. Assessment study for optimal use of waste (effluent) treatment plants in the IAIPs in Ethiopia (July 2022 – December 2022)
23. Industrial study tour in Asia on agro-food park management and operations (October 2022 – January 2023)
24. International field visit & training of wastewater treatment plant (WWTP) (March 2023 – April 2023)
25. Logistics facility at Jijiga, Ethiopia (March 2021 – February 2022)

#### GAMBIA

26. Trans-Gambia Corridor (TGC)-Trade Infrastructure and SEZ planning study (January 2024 – February 2025)

## Presence in Africa

#### GHANA

27. Site assessment and selection exercise on Ghana's SEZs & Industrial Parks program (December 2021 – August 2022)
28. Technical assistance for the formulation of the Ghana SEZ policy framework and implementation plan (October 2022 – September 2023)
29. Feasibility study and establishment of staple commodity/specialist agro industrial processing zones/agro industrial parks (AIP) along the Eastern Corridor and master plan for the Northern AIP at Builsa North District, Upper East Region (January 2023 – Ongoing)

#### KENYA

30. Establishment of an IAIP and RTCs (July 2021 – May 2022)
31. Special Agro-Industrial Processing Zone (SAPZ) for competitiveness and job creation (February 2020 - January 2022)

#### LIBERIA

32. Buchanan SEZ and SAPZ in Liberia (June 2020 – July 2021)

#### MADAGASCAR

33. Setting-up SEZs in Madagascar (March 2018 – January 2019)
34. Feasibility study of an agro-industrial transformation area in southwest and southeast of Madagascar (July 2019 – March 2020)

#### MALAWI

35. Lilongwe & Blantyre Industrial Parks in Malawi (March 2020 – July 2021)
36. Feasibility study on SEZs in the target area of Shire Valley Transformation Programme (SVTP) (April 2023 – September 2023)

#### MALI

37. Preparation of project formulation report for setting up a sustainable village and use of solar photovoltaic technology for irrigation in Mali (September 2018 – March 2019)

#### MAURITIUS

38. Feasibility study and development of a plan for the Mauritian SAPZ project, Mauritius (March 2023 – September 2023)
39. Engineering design for a Special Agro-Industrial Processing Zone (SAPZ) in the Republic of Mauritius (August 2023 – Ongoing)

#### MOZAMBIQUE

40. Value Chains and Market Development Program along Pemba-Lichinga Corridor (VACMAD), Mozambique (July 2019 – December 2021)
41. Design and construction supervision of 900 housing units in three provinces of Mozambique - 300 in Pemba, Cabo Delgado (June 2018)

#### NIGERIA

42. Development and formulation of a master plan to establish multiple Staple Crop Processing Zones (SCPZs) in Nigeria (June 2013 – March 2014).
43. Publication for Inclusive and Sustainable Industrial Development (ISID) (July 2014 – August 2014)
44. Website development & management for SCPZs, Nigeria (September 2013 – 2014)
45. Nnewi Automotive Industrial Park (NAIP) in Nigeria (January 2018 - June 2018)
46. Establishing a multi-product industrial park and agro business park in Edo State (July 2017 – January 2018)
47. Development of SME park within the Lekki Free Trade Zone in Lagos State, Nigeria (May 2019 - March 2020)
48. Development of an industrial city master plan and policy framework of Ikenga mixed-use industrial city in Anambra State, Nigeria (November 2023 – August 2024)

#### NAMIBIA

49. Preparation of project formulation reports for commercial Jobo production in arid areas of the Republic of Namibia (January 2021 – February 2021)

#### RWANDA

50. Establishment of cross border market facilities in Rubavu (March 2015 - January 2016)
51. Establishment of cross border market facilities at Rusizi II and Gatuna (April 2014 - August 2015)

#### SENEGAL

51. Establishment of a Agropole in the Northern Zone of Senegal (July 2022 – March 2023)

#### SOMALIA

52. Preparation of the feasibility study and master plan of integrated Agro-Food Parks and related facilities, including RTC in Middle Shabelle Region, Somalia (September 2025 onwards)

#### SOUTH AFRICA

53. Support for the development of South Africa Agri Park Program (SA-APP) (January 2019 – July 2019)

#### TANZANIA

54. Establishment of a SAPZ in Tanzania (March 2021 – January 2022)
55. Identification/preparatory mission for the SCPZ in Tanzania (October 2018 – December 2018)

#### UGANDA

56. Design review, construction supervision for Elegu climate resilient cross border market, in Amuru District Republic of Uganda (phase 1 & 2) (May 2025 – ongoing)
57. Upgrade of infrastructures at lake port Ntoroko (March 2018 – March 2023)
58. Upgrade of infrastructures at land border Goli (March 2018 – October 2023)
59. Diagnostics study for SAPZ for competitiveness and job creation in Uganda (February 2020 - January 2022)
60. Kinawataka wastewater treatment plant at Uganda (February 2012 – March 2012)

#### ZAMBIA

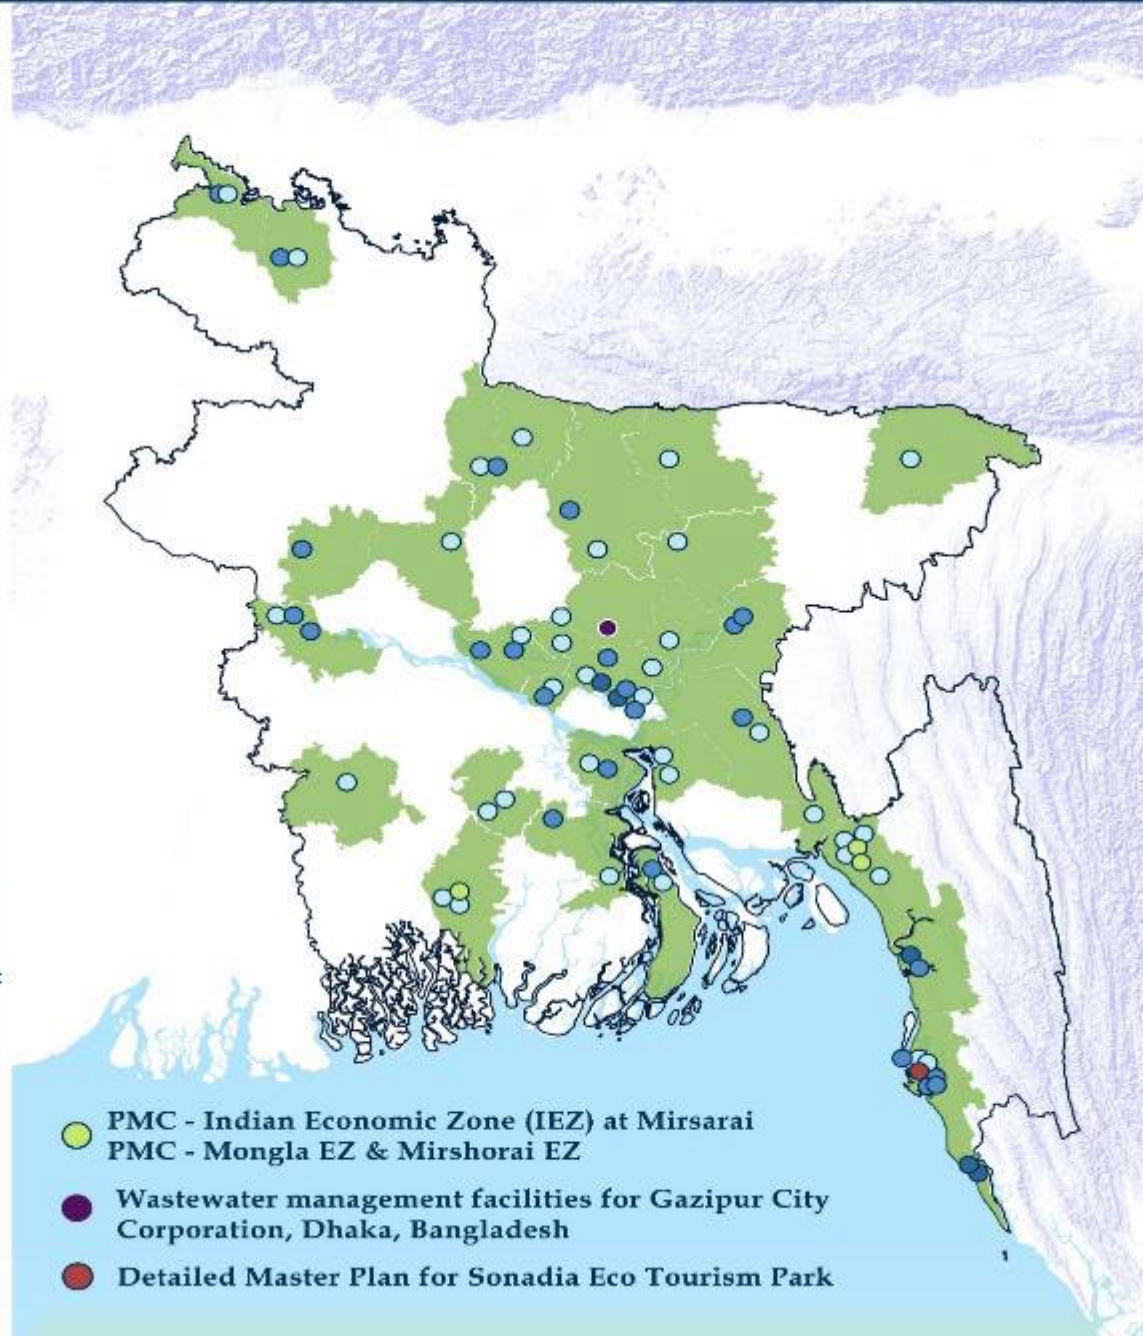

61. Preparation of feasibility study and master plan for the Luswishi Farm Block SCPZ (June 2018 - September 2018)
62. Investment packages to attract private investors in the Luswishi SAPZ (September 2019 – March 2020)

#### ZIMBABWE

63. Assessment and revaluation of cost of a project envisaging up gradation of a pumping station in Zimbabwe (November 2016 – May 2017)

\* Integrated master planning of Sohar Industrial Estate (SIE) and detailed layout planning of support facilities, Sohar, Sultanate of Oman

\* Preparation of feasibility study for establishment of agri-industrial food city in the Najd area, Oman

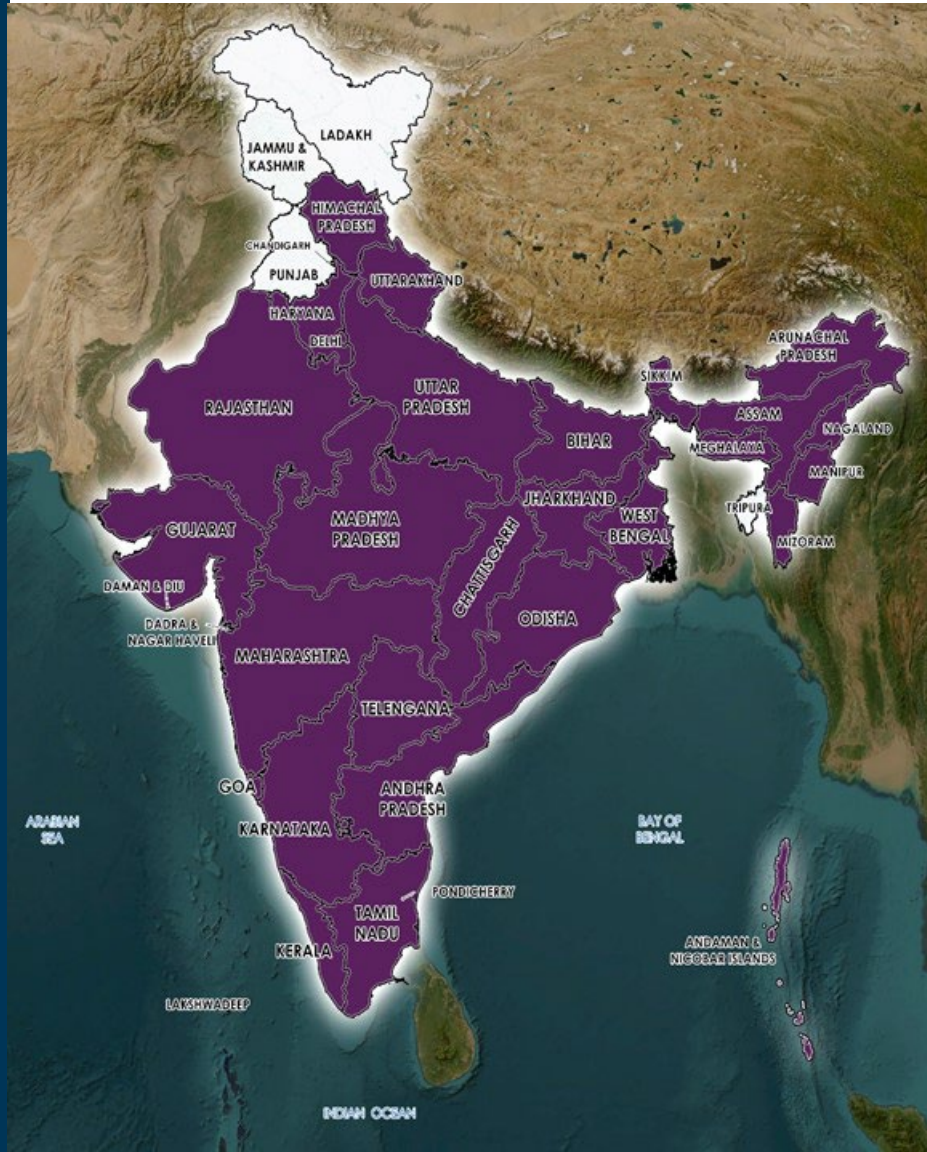

\* Feasibility study of water transmission network along the Dibba-Lima-Khasab Road

\* Sultan Haitham City Development-Neighbourhood 13 - Design consultancy services

# Projects in India during last 10 years

ACE -  
Projects  
carried  
out in  
**25+**  
Indian  
states  
with  
repeat  
clients

## Agro & rural development

- 50+ projects across 11 states
- Experience in development of food parks, agro processing parks, AEZs, fish processing parks, etc.

- Experience in providing full range of services - Feasibility to O&M support
- 50+ projects across 16 states
- Having experience in executing projects upto 13500 sqkm

## Area development

## Water and wastewater

- 50+ projects across 20 states
- Experience in prestigious projects like National Mission for Clean Ganga, New Tirupur water supply and mega city water schemes

- 20+ projects across 7 states
- Experience in Civil, Structure and Geotechnical of PV solar plant capacities 1 MW to 350 MW

## Renewable energy

## Solid waste management

- 15+ projects across 8 states
- Experience in solid waste management, landfill facility, bio-conversion facility, etc.

- 35+ projects across 11 states
- Experience in slum rehabilitation, smart cities, housing clusters, townships, destination development, theme park, oceanarium, water parks, riverfront, ropeway, etc.,

## Social infrastructure

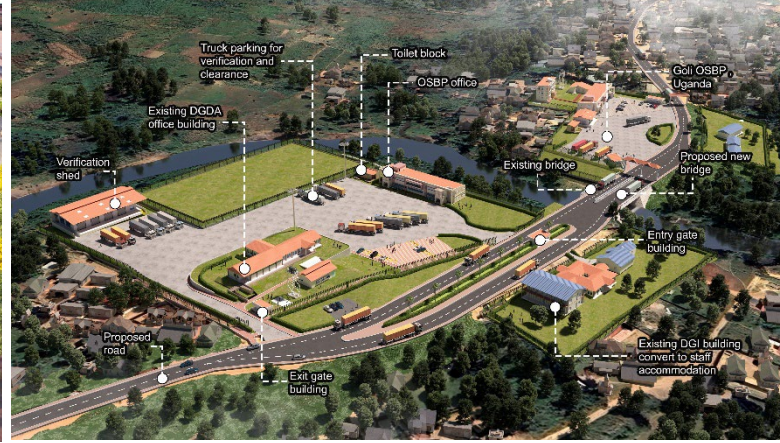

## Transportation

- 15+ projects across 2 states
- Experience in integrated bus terminal, truck terminal, multi level car & 2-wheeler, parking, commercial complex, etc.

## Industrial plant & systems

- 10+ projects across 3 states
- Experience in assembly shop, automobile plant, ash handling system, plug & play manufacturing unit, warehouse, logistics complex, processing & value addition centres, etc.

# ACE, India - Industrial and logistics buildings

- Plug & play manufacturing unit for Tidel Park - India
- Vinfast Factory – India
- Grand Atlantia Panapakkam SEZ Developers Ltd. (Hong Fu) factory - India
- Development of land customs stations into land ports
- Assembly shop for Ford India Ltd. - India
- Automobile plant for Mahindra & Mahindra - India
- Ash handling system for Mahindra Ashtech Ltd. - India
- Warehouse for Mahindra Logistics – India
- Integrated fish meal processing plant for PRISMACK - India

- Agri warehouses and RBF for IAIPs for UNIDO - Ethiopia
- Cross border market facilities – storage, warehouse and value addition centres for TMA – Rwanda, Uganda, DRC and Cote d’Ivoire
- One stop border post – DRC and Uganda
- Pasakha dry port for World Bank - Bhutan
- Logistics hub in Jijiga for TMA - Ethiopia
- Logistics complex for Port of Singapore - Cambodia and India
- Processing and value addition centres (PEB/RBF) - India and across Africa
- Multi modal logistics hub - India
